

40.101N | Total Block-Out

TOTAL GLASS | White Printable Media

ABOUT

Total Block-Out is a dual-layered, double-sided white, PVC film providing 100% opacity. Total Block-Out is the ideal solution for double sided graphics for retail window applications. The vinyl film has a thickness of 200 micron, is user-friendly and easy to apply. It has a gloss white face film and is printable with a full range of printing methods: UV, (eco-)solvent and latex inks.

Typical applications:

Double-sided window graphics for commercial/safety signage at bars & restaurants, retail stores, supermarkets, airports, banking centers, ...

FEATURES

- ✓ DOUBLE SIDED WINDOW GRAPHICS
- ✓ VERY HIGH OPACITY PREVENTS PRINT SHOW THROUGH
